

LETTER OF INTENT TO COLLABORATE

To plan and execute a second Joint Aquatic Sciences Meeting in 2022

Between

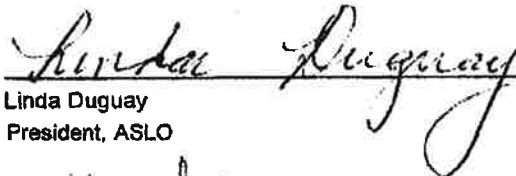

Societies representing the Consortium of Aquatic Scientific Societies (CASS): American Fisheries Society (AFS), Association for the Sciences of Limnology and Oceanography (ASLO), Coastal and Estuarine Research Federation (CERF), Phycological Society of America (PSA), Society for Freshwater Science (SFS), and Society of Wetland Scientists (SWS)

Following on the wide success of the first Joint Aquatic Sciences Meeting (JASM) in 2014, we, the undersigned societies representing CASS, agree to collaborate to plan and execute a second JASM in 2022. Toward that end, each participating society shall appoint a liaison to the JASM Planning Committee by December 2016. This committee will work with Society Presidents/Boards of Directors to produce a Memorandum of Understanding which details participation, conference planning/program committee, conference management, and finances by May 2017.

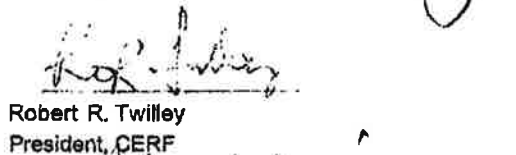

Ron Essig
